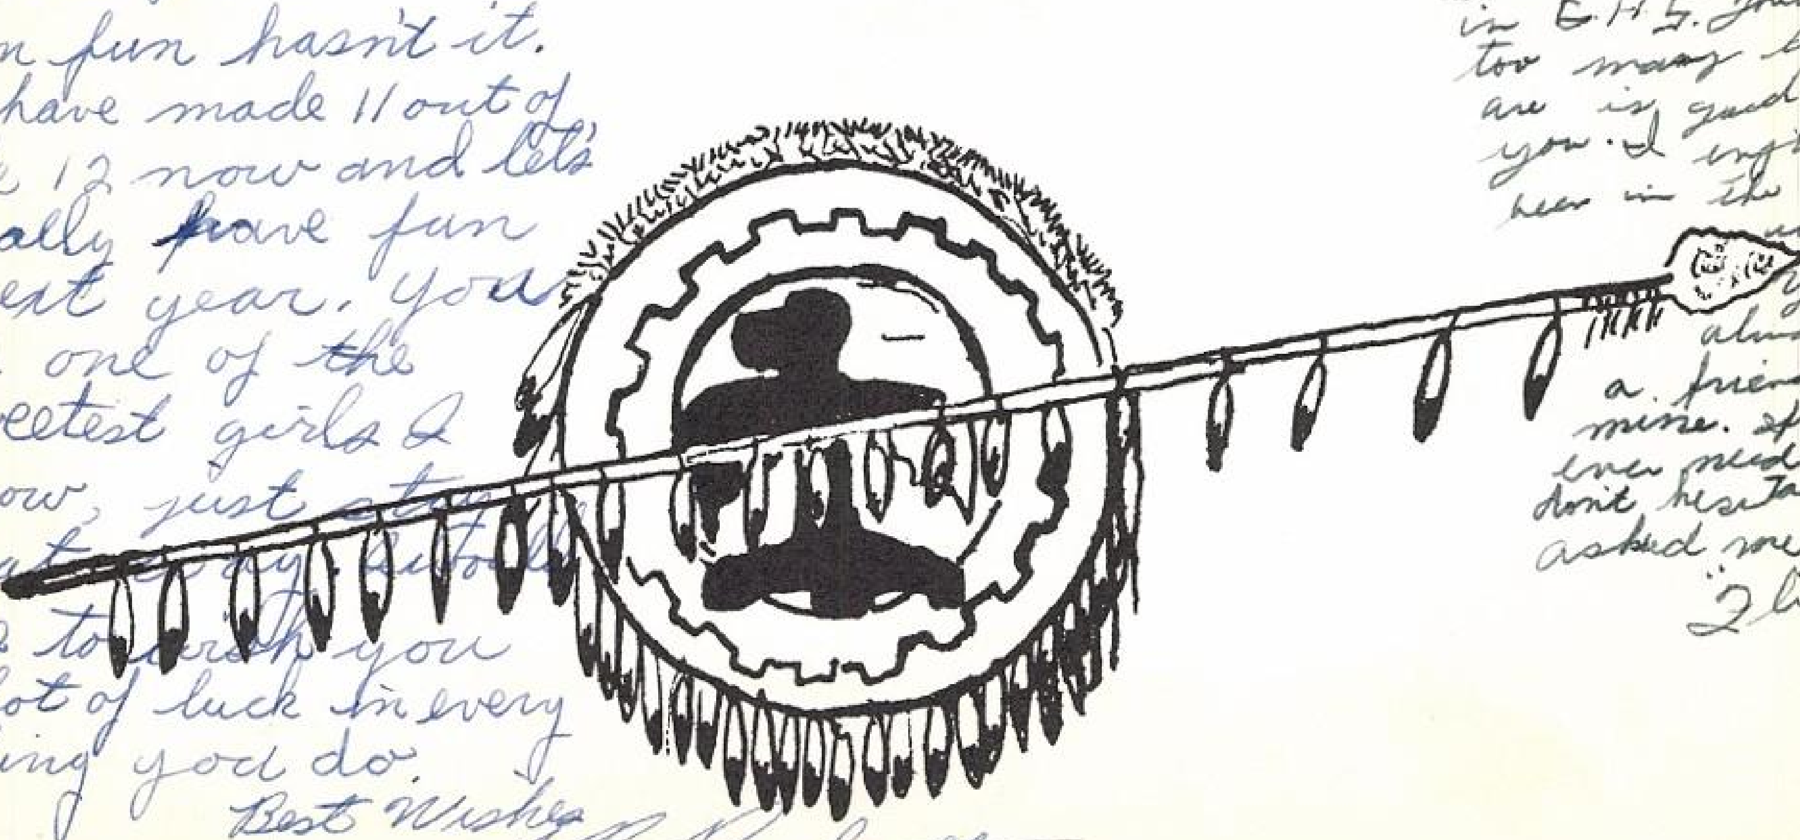
LEGEND OF LONE WOLF

Near the banks of a Western river, at the foot of the rolling south plains, a lonely mountain keeps vigil through the ages. Unwearied, calm, serene, it stands guard; keeping within its bosom the secret legends of the Kiowas. At its foot runs a tiny stream which bears its name. Over this mountain and along the banks of this stream roamed a Kiowa Chieftan with his small band, about whom this legend runs. In the early days, when Texas was still a wilderness, bands of Kiowas roamed the hills and plains of the west. A lone Chieftan with his warriors lit his camp fire on a mountain side below which ran a small, clear stream that emptied into El Rio de Colorado not far away. As this band lay around the smouldering fire, the Chieftan spoke: "I, the Lone Wolf, say to you, my braves, that as the moons come and go, I see a vision sent by the Great Spirit which tells the fate of the Redman. The Paleface will take our lands, our open spaces, our buffalo. Only, this my mountain, and the stream that bears my name shall remain as a memento of the Lone Wolf's band. 'Tis the wish of the Great Spirit, by it we must abide."

And so, my braves, you will place a "lookout" on the bank of this stream, that the Paleface may not wander and be lost. Let this "lookout" be within the range of my mountain that the spirit of the Lone Wolf may see and hear. It shall be a sentinel of the Redman's domain; a symbol of his friendliness to the Paleface. Lone Wolf has spoken, let my braves go.

The command of Lone Wolf has been carried out; his prophecy has been fulfilled, for on the bank of the Lone Wolf Creek, within the range of Lone Wolf Mountain, stands the sentinel, the symbol, which Lone Wolf, the Chief, posted. ---C. H. S. the "lookout" which safeguards the Paleface.



Dear Sue, I have always enjoyed knowing you from girl scouts to the second Jr. Sr. banquet. I'll never forget your sweet ways. I think you've been a wonderful sport about the election. I'm only sorry that you didn't get what you ~~had~~ wanted for your Senior year. Don't let it make a difference in how big a time you will have. As they say the Senior year is the best. Keep that spirit in the Wolf band. I surely will miss it. Love, Janet

Mary Sue, I don't know how to begin to write anything. You are one of the sweetest girl in C.H.S. There not too many that are as good as you. I enjoyed being in the 7 day with you. You will always be a friend of mine. If you ever need anything don't hesitate to asked me. "[illegible]"

Sue, This year sure has been fun hasn't it. We have made 11 out of the 12 now and let's really have fun next year. You are one of the sweetest girls I know, just stay that way. I would like to wish you a lot of luck in every thing you do. Best Wishes J. B. Padgett

SUPERINTENDENT

To Students and Faculty:

Too often we take our circumstances for granted and continue our life as if we could not affect the outcome. It has been my great privilege to observe the student body of Colorado High School as you do something constructive about your circumstances. To me your enthusiastic energies expanded in the various fields of our school is a great joy. How you have entered into the Student Council, Band, Choralettes, Athletics, Howl, Lone Wolf, Pep Squad, Quill and Scroll, Dramatics, and all other functions proves that you students are living today as well as preparing for living tomorrow.

I value your fine school spirit, your cheerful attitude, the fact that you do appreciate the things done for you, and, above all, your belief in yourself and your ability.

Keep up this good work and may the best come to each of you.

Your friend,

Ed. E. Williams

PRINCIPAL

To Colorado High Students and Faculty:

It has been a delightful experience to know the students and faculty of Colorado High School, and I am hoping that the association will continue to be mutually profitable and pleasant.

May I express the hope that your days spent in Colorado High School will always be full of pleasant memories and that the training you receive here and the ideals which you form here will benefit you through the eventful years in which it is hoped that you will be spared to serve your country.

May God's blessings rest upon each and everyone of you.

Dearest Mary Sue—

I can't begin to tell you how much I will always treasure your friendship and the memories I have of marching with you on football fields, in parades, and the contests. I want to congratulate you on getting assistant drum major last year because you did a real swell job. Also you did a good job this morning when trying out for drum major for Colorado the few we have had together especially last year or year before last with "you know who." There is a certain "page" in this annual that I think is a big mistake but I guess as you said "that's the way the wind blows."

I could just cry every time I think about next year and me not marching with you. It has really meant a lot to me to be out there.

(Remember Sweetwater contest and the cute little trick we pulled?) Even tho we had quite a few spats about what steps we were going to do, I enjoyed them everyone and really, I know we were both just kidding.

Well Susie, I guess that's about all I can say to you on paper but you know the rest don't you. Think about me every time you march with the band and be glad you have one more year left. Good luck and best wishes. A friend Always,

Honey

About eight months ago we had our first date, and since then it has been mostly the two of us (except for Red, Bill, Jerry, Don and etc.). In this eight months I have learned to love you, and your somewhat different ways. I guess the reason your different from any other girl I've known is because of your family, but I love them too. Especially your mother, but "old Daisy" has the craziest idea about music, I wish I would realize it's not near as important as she thinks it is. And it's going to be a wonderful day in your life when your mother realizes that your able to think for yourself, but I guess that's wanting you to be too much like me, and no one could be like me, I guess. (well line sort of) This has been a great year for me, even though I lost football, and basketball I gained you. I will always be the same even into Aggieland. I hope it's the same with you. Love Sonny

Cat

Dig that crazy Rudd!

In case you haven't noticed Ann Rudd these last few weeks: she is mad, real gone. She goes for cat music like mice go for the Pied Piper. She will work you into a conversation about her gone tunes and then eagerly lullaby you to the beat of "Crazy Man Crazy."

Many have reported to have seen her corner some innocent victims and sing to them "gone music."

Ann cornered Danna Elliott at a football game and gave forth with "mad music." Danna lo hypnotized and seemed helpl in her power, though Danna w probably just shocked.

Besides being a rhythm a blues fiend, she talks like a jazz ip cat. "Isn't that the catti music you ever?" asked Rudd a r hearing "Reinlistment Blue 'Isn't he the most?" says A about a cute boy.

Ann says that cat music gi her a large charge. All normal h mans who don't dig the "gor songs are considered squares Ann.

So if you see her coming towa you with that little "mad" twin in her eyes, make a dash for t exit or prepare for a cat mu recital.

Dear Sue,
At last I've one more year to
gone. I warrant you it's most that I
am writing on this page. It is the only
way I could ever make it.
I have really enjoyed
sharing nearly all my
Chorale with you. Speech
has been plenty urged
but only a few more
days and a few more
rehearsals and we
will be through. I say
that we will unless we
are failed.
I think of me next
year in Chorale and
and all the fun we had
in Plane Geometry.
I think you are a very
sweet girl and value your
friendship very much. I have enjoyed
working on the style show with you.
If we ever make it through it will
be a miracle. Let's look forward
to next year though, and forget all
our troubles.
Love ya' Lots

Dear Mary Sue,

I really don't know how to say what I feel in my heart. You mean a lot to me and I don't want to see you hurt, ever. I think you are the most beautiful girl in high school, but everywhere you go please watch your step. Take care of yourself next year when I am not here to look out for you. See, since I have been going with Marcia I have learned to respect her advice, so please pay attention to her. You also take care of her. She is a wonderful kid and I want you to see that she is treated right by everyone.

Next year at college I expect to have a lot of fun but I will miss you and Marcia and Sonny on our double dates. If you treat Sonny right he will be the most wonderful person in your life. But take care of him. Sonny is the type of guy that deserves the best so try to give it to him. You don't know how big a space there is for you and your family in my heart. But I sincerely love them all. always be good and wear a smile. God bless you and your family.

all my love

Charlie.

Dearest Suzie (better known as "S loves S"),

Well sweetie, I guess there is no need to say anything about how I feel about a certain page in this pretty annual. I still think it was a low blow! I believe I'll just see what I can do about that next year. But until then we'll just have to be satisfied with our present titles.

Curtis is rushing me so I'd better say S still loves you and close.

It's been real,

Lou Watson (official signature)

P.S. I've enjoyed living with you for the past year. Want to live with me next year?

Dear Sue,
Well, we've been real good friends for a real long time now — through thick and thin. Have a lot of pleasant memories such as Girl Scout Camp. See you next year.
Bobby Walding

Best of luck to a real cute and sweet Junior gal.
Carolyn

Sue —
The very best of luck to a very sweet girl, especially in the (drum majorette) tryouts. You will make a fine one! Thanks for your help.
Love, ya,
Joan

You've always been real swell to me and I hope we can always be good friends. Stay as sweet and pretty as you are now and you'll always succeed.
Your pal always,
Jerry

Well Sue, I guess we'll survive that "[illegible]" But take the bitter with the sweet I always say. I sure have enjoyed this school year though. Had lots of fun too. I hope we have as much fun next year and this summer. We're sure ...
— Speedy.

Sue, you surely are a sweet person. I hope for you the best always! Stay as sweet as you are now and you'll surely succeed.
Love ya lots,
Johnnie Kith

Betty (continued)

I have surely enjoyed all of our heart to heart talks. Your thoughts and opinions are rich and mean so much to me. Sue, you have had a few disappointments this year, but I think that will make you stronger both in emotional and spiritual ways. You are a tribute and a credit to Colorado High School. Indeed, you are a Who's Who in many things and definitely a favorite of all. You have accomplished so very much in your young life, but you have much more to obtain. For instance, your music could really be your most wonderful pastime. In your lovely musical manner, you seem to be able to express many of your different moods - that is surely a gift! Sue, I hope your college years and future life will be filled with love, happiness, luck and success. I know you will be adored by everyone and I just hope you continue to give of yourself to others. Please never forget me and make the most of your Senior Year. I hope you all get to go to New Orleans! Sue, I love you so very much and I certainly hope that this is just the beginning of a lasting friendship. May the best be yours, and may God bless you.

I love you,
Betty Claire

Dear Susie,

My, but we've had a lot of fun together! Remember all the band trips? Remember when we were in the 7th grade and the band had an all day picnic at Southwestern (he had a water-gun fight and came home sopping wet!) There was the trip to Carlsbad! Lubbock! and Wichita Falls! and our trips for contest to San Angelo. There are so many things that I couldn't begin to write them all in here. Last year when we went to San Angelo and went swimming we had a lot of fun and when we went to Lubbock and went swimming. They opened the Tilt-a-Whirl and the Bumper-Cars for us. There are just so many things! This year we've been in several classes together and I've enjoyed them all. I ~~guess~~ Know Mrs. Gordon and Miss Miller have given us some plenty ruff times, but we've honestly made it. Can you realize that we're almost Seniors? I can hardly believe it. I'm going to miss getting to finish High school with you and all the other kids I've been with so long. Maybe you can come see me and I'll be back to visit. You are a wonderful person; one of the sweetest friends I have!

All my love to a very dear friend, Thanks Sue

Dear Suzie-ie-ie,

Well, Sue, here it is the end of school and Jim nearly out. Jim sure going to miss everyone next year.

Suzie, I just want to take a few lines to say how much I have enjoied going to school and knowing you. I have espically enjoyed being in band. I Think you made a good majorette and Jim sorry you didnit get drum-majorette, but Suzie you and I both know we dont always get just what we want. That is just part of life! I know how much you wanted it and how much it hurt you. But keep up your chin and it will all come out in the wash. Just do your best as assistant, which is a lot, because you are really good!!!

Suzie, I will never forget all our wonderful band trips! We have really had some times, No? yes!! Espically those to Wit. Falls, Abilene, and Carlsbad.

You are really a swell kid with a cute, or rather, pretty smile. Keep your high ideas and molals and you will be happy.

Best of luck next year in, Ugh!, English III, and band. Just remember me as stupid Jimmy.

Best wishes for health and happiness and may God bless you. Jimmy, your friend

P.S. - you and Sonny be good.
